Building "The Last Ride"

Hello everyone! This is Gary "Sarge" Harriman. I have been a Motorcycle Safety Instructor for several years in Indianapolis, and the Site Coordinator at the Dryer Motorsports site for the past three seasons. I also do funeral motorcycle escorts for Indianapolis Funeral Escort Services, Inc. Knowing my passion for motorcycling, the owner, Robert Lamont, approached me earlier this year and asked me if I would be interested in building a motorcycle drawn hearse to honor those who have passed and who were avid motorcyclists. I thought this was an excellent idea, however, felt that it had to be something that was tastefully done and not gaudy. Soon I was hard at work in my garage coming up with plans and creating "The Last Ride". After eight months and almost a thousand hours, what emerged was a solid built, professional, funeral coach to provide families with a unique and dignified way to give their loved ones one last ride.

Although no one likes to think of a loved one passing away, I wanted to make you aware of this special service available through Indianapolis Funeral Escort Services, Inc. as a way to pay tribute to motorcycle enthusiasts who have passed on. If you would like more information, please contact Bob Lamont at 317-710-4837.

Ride safe,

Gary "Sarge" Harriman
